Resistant to a range of herbicides.

Seeding Rates (bare ground)

20-40gm per sqm

2-4kg per 100sqm

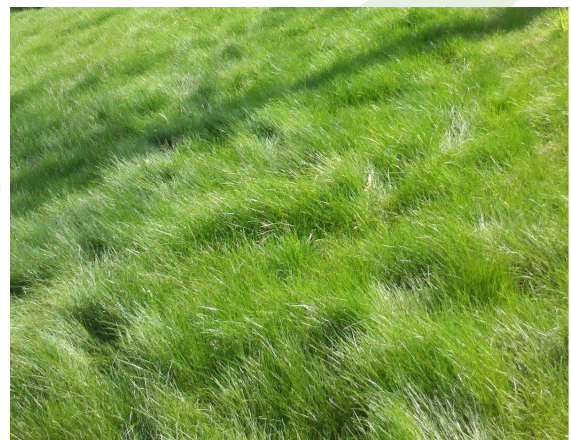

200-400kg per ha

Distributed by:

Links Blend *Speciality Seed Blend*

Links Blend consists of low-growing fine fescues well adapted to the harsh conditions of golf course roughs and bunker faces.

Left unmown, this formula provides maintenance savings, erosion control, and adaptation under varying soil condition. It offers an aesthetically pleasing long-grassed links appearance.

Links Blend is a 3 way blend of Creeping Red, Chewings and Sheeps fescue. It adapts to a wide range of management regimes and is tolerant of shade, low fertility, and reduced irrigation.

Use in a wide variety of amenity situations.

- Golf Course rough and bunker faces.
- Roadsides.
- Low use parks and green spaces.
- Home Lawns
- Suitable in both shaded and open areas.
