## Seeding Rates

30-50g per sqm

3-5kg per 100sqm

300-500kg per Ha

## Distributed by:

# Sports Blend

## Turf Ryegrass

**Sports Blend** is an economical blend aimed at municipal and educational facility fields where budget is a strong consideration.

**Sports Blend** is a 3-4 way blend of US bred VNS ryegrasses has been a consistent performer for a number of years in the value for money stakes.

Genetic diversity gives this blend strong performance characteristics during most seasonal variations. **Sports Blend** has good drought tolerance, forms a dense dark green sward and is fast to establish.

## Recommended Use

- Municipal Grounds
- School fields and general grounds
- Passive parks where a premium grade seed is not required.
