Strong winter performance

Winter play recovery

## Seeding Rates

30-50gm per sqm

3-5kg per 100 sqm

300-500kg per Ha

## Distributed by:

## Duo Blend Perennial Ryegrass Blend

**Duo Blend** is designed to provide characteristic diversity across heat, cold, humidity and wear. Duo is an exceptional overseeding option with early season resistance to disease, heat and humidity from All Star 3, partnered with Reliant II for winter vigour and wear recovery.

**Duo Blend** is a blend of **All Star 3** and **Reliant II**. All Star 3 has a long breeding pedigree, always near the top in performance worldwide both on the field and in trials.

**Reliant II** is a proven New Zealand bred variety that has constantly out performed its competitors along with **All\*Star 3** being the latest in a long line of highly rated ryegrass breeding, where All Star has always performed at or near the top. These 2 varieties together provide the “best of both worlds”

**Duo Blend** has exceptional seedling vigor and rapid establishment. It is an excellent all round choice for overseeding of couch.

**Duo Blend** is suitable for use in cool season fields or as an overseeder for couch fields.
