Disease resistance

## Benefits

Excellent heat and wear tolerance

Increased density

Very attractive fine leaved.

## Seeding rates (bare ground)

30gm-50gm per sqm

3kg-5kg per 100 sqm

300kg-500kg per ha

## Distributed by:

**LIVINGTURF**<sup>®</sup>  
SCIENTIFIC TURF MANAGEMENT

# RyeSport Tri-blend

**RyeSport Tri-blend** contains a minimum blend of three American bred varieties that have proven performance across the broadest range of Australian conditions.

The varieties in **RyeSport** are selected to perform in Australia. These perennial ryegrasses consistently show top results with respect to dark colour, winter activity, quick establishment, disease resistance, density, heat and wear tolerance.

## Uses

**RyeSport Tri-Blend** provides all the essential qualities required for a premium turf surface to withstand the rigours of winter sports activity.

It is a durable, all round solution for:

- Over sowing
- Council sports fields
- Elite stadiums
- Golf courses
- Landscape areas
- Parklands.
